Being and Event

Alain Badiou, Oliver Feltham

Being and Event Alain Badiou, Oliver Feltham

Being and Event is the centrepiece of Alain Badiou's oeuvre; it is the work that grounds his reputation as one of France's most original philosophers. Long-awaited in translation, *Being and Event* makes available to an English-speaking readership Badiou's groundbreaking work on set theory - the cornerstone of his whole philosophy. This book makes the scope and aim of Badiou's whole philosophical project clear, enabling full comprehension of Badiou's significance for contemporary philosophy. In *Being and Event*, Badiou anchors this project by recasting the European philosophical tradition from Plato onwards, via a series of analyses of such key figures as Descartes, Spinoza, Leibniz, Hegel, Rousseau, and Lacan. He thus develops the basis for a history of philosophy rivalling those of Heidegger and Deleuze in its depth. This wide-ranging book is organised in a precise and novel manner, reflecting the philosophical rigour of Badiou's thought. Unlike many contemporary Continental philosophers, Badiou - who is also a novelist and dramatist - writes lucidly and cogently, making his work accessible and engaging. This English language edition includes a new preface, written especially for this translation. *Being and Event* is essential reading for Badiou's considerable following and anyone interested in contemporary Continental philosophy.
