**Discourse Perspectives on Organizational Communication (The Fairleigh Dickinson University Press Series in Communication Studies)** Jolanta Artiz, Robyn C. Walker

*Discourse Perspectives in Organizational Communication* brings together researchers from the social sciences and humanities to look at discourse and how it shapes organizations and their social actors. Unlike others in the field, this book assumes that language creates and constitutes reality, rather than simply mirroring or describing it. This collection illustrates the variety of organizational phenomena that might be studied and the range of epistemological and methodological approaches that might be used in discourse analysis techniques.
