Writing from the Core: A Guide For Writing Dona J Young

Writing from the Core is a supplemental handbook for any class that requires writing. The content is sequenced from the simple to the complex, aiding writers in overcoming their learning gaps. Writing from the Core starts by covering the writing process and then quickly moves to structure. Writers first focus on building skill with the sentence core, which is the most important element of grammar as well as style. Teachers can use this book in class to present concepts in workshop format, or learners can work on their own to build grammar skills and improve writing style (all keys are included at the back of the book).
