A Hand Washer's Tale: On Becoming Madame O

C.E. Bertsche

A Hand Washer's Tale: On Becoming Madame O C.E. Bertsche

A dark, but somewhat humorous look into the adult mind of a woman recounting her molestation and loss of innocence suffered as a child, from a decidedly different perspective. It is a very short read that will leave you wondering if this person, describing events in her life with an oddly flat and detached tone, could possibly be real. This is not at all weepy or preachy, but this short narrative will leave you with a deeper understanding of human frailty.

Dorothy/Madame O: "I think it was that first incident that turned me into a sociopath. I can thank the subsequent molestations for making me a good one." A very matter-of-fact claim, to be sure, but is this chilling statement true? So, what's next for her? Is there another chapter in the story?
