Ladies, can you admit something? You're kind of "intensively interested" (some might call it obsessed) with trying to figure men out. Women like you have spent thousands of hours agonizing about what a guy's thinking, why he said that and why he didn't say this. You've faithfully read Cosmopolitan all these years and you're no closer to figuring men out. Lots of things you'd like to know; why the guy you work with won't ask you out or what's up, why that jerk that hit on you at the bar acts like that, or why your boyfriend won't commit or why your husband doesn't want to talk or... There are a thousand of these questions, and The Boyfriend Book is going to give you some insight into what those guys might be thinking and feeling and even more, why they think, feel and act the way they do. But The Boyfriend Book is really a story of two hearts: the soft, compassionate, nurturing feminine heart full of light, radiance and feminine energy, and the strong, protective and disciplined masculine heart. Each heart seeks what it doesn't have in the other heart. The beauty of this is how complementary the feminine heart is to the masculine heart. The feminine heart's softness, compassion and nurturing is exactly what the action-oriented, disciplined, focused masculine heart needs. The masculine heart's protection, consistency and strength are exactly what the radiance and love energy of the feminine heart needs. Together, two willing hearts coming together as one to form a more perfect heart: the centerpiece of an ideal relationship and marriage. The Boyfriend Book is your guide to men and men's attitudes about relationships, sex and love. You'll gain new insights and learn surprising revelations about men and about yourselves.
