Keats ; a Collection of Critical Essays

Walter Jackson (ed). Bate

Keats ; a Collection of Critical Essays Walter Jackson (ed). Bate

Keat's poems and letters form a record of ever accelerating artistic and philosophic growth, as he was drawn away from the romanticism of his day toward solitary poetic discovery. He reworked the materials of medieval legend and Hellenic myth to convey more and more of the immediacy of personal experience; his ceaseless experimentation escaped outworn tradition and gained new dominion for his art. In this volume, the reader is offered essays which examine Keat's poems in all their formal variety and philosophic complexity, their inner integrity and verbal magic. Both discussing the broad range of Keat's achievement and individually explicating his major works, this collection gives invaluable contemporary insight into one of the greatest and one of the most treasured writers of the last three centuries.
