Paul and Jesus: How the Apostle Transformed Christianity James D. Tabor

This fascinating examination of the earliest years of Christianity reveals how the man we call St. Paul shaped Christianity as we know it today.

Historians know almost nothing about the two decades following the crucifixion of Jesus, when his followers regrouped and began to spread his message. During this time Paul joined the movement and began to preach to the gentiles. Using the oldest Christian documents that we have—the letters of Paul—as well as other early Christian sources, historian and scholar James Tabor reconstructs the origins of Christianity. Tabor shows how Paul separated himself from Peter and James to introduce his own version of Christianity, which would continue to develop independently of the message that Jesus, James, and Peter preached.

Paul and Jesus illuminates the fascinating period of history when Christianity was born out of Judaism.
