**This method of getting book ideas, compared to other methods, is like comparing the fish a single angler catches to what a fishing trawler does.**

**Don't get poor results with one idea. Easily come up with a string of subjects that will give you far better results.**

**In particular, you will learn a strategy that I've not seen taught anywhere else. It will give you a long list of ideas that will give you much higher results than just having a mass of books.**

When I started becoming successful on Kindle, I knew I had to write more books. Finding book ideas was not easy. I knew it had to be a popular subject and therefore used to spend a lot of time looking at the best-sellers on Amazon.

**I also read every book on the subject that I could find.** Despite the advice, every time I published a book, the struggle would start again.

Since then, through study, innovation, and testing, I discovered better strategies for selling books. These eventually led me to discovering the ultimate method. In the process, I've also found some brilliant ways to get endless and very profitable book ideas.

## **Using these methods, you will...**

never run out of ideas.

always get a successful subject.

make your ideas better than the competition.

massively increase your chance of a best-seller.

let Amazon tell you lots of popular ideas.

learn what the best ideas are from the experts, easily, quickly, and for free.

find out popular “how to” ideas from a very popular website.

learn the hidden ideas that are extremely popular. You always knew them but just didn't realize it.

get endless ideas from popular products, not just books.

**use the ultimate string idea.** Very quickly get a long list of book ideas that will earn you far more royalties than just one idea. This is the key to long term success and big results.
