Edward L. Beach

Cold is the Sea: A Novel (Bluejacket Books) Edward L. Beach

Hailed as heart stopping and almost unbearably suspenseful, Edward L. Beach's third novel is set fifteen years after the end of World War II as the US Navy converts its fleet of conventional submarines to nuclear-powered ships. The book focuses on the USS *Cushing*, whose sixteen missile silos carry more explosive power than all the munitions used in both world wars. The submarine is on a secret mission to the Arctic Ocean to determine whether her missiles are effective when fired from beneath the ice. When the *Cushing* is incapacitated with a suspicious Russian sub lurking in the vicinity, the scene is set for a dramatic novel rich in all the technical detail and submarine lore that have entertained millions of readers of Captain Beach's other fictional works.
