## **Language and Evolution: Evolution of the Human Mind** Kamran Pirnahad

Evolution is a greater force than most people might imagine in the first place. This undeniable force of nature has always had its own way of engineering and determining every stage of the planet's history. Evolution is the transformation of chaotic forces into manageable forms of energy and the change of primitive life forms into more advanced life forms. The Author Kamran Pirnahad has made effort to define what we have to learn and understand to make the force of evolution to shift towards a more just, sustainable and equitable place which could serve humanity in a more efficient and rightful way. The Author has diligently gathered and described most values and measures which prepare different types of species to evolve in an orderly, gradual and peaceful way. Language is a powerful tool for survival and advancement. The language of evolution determines who we are and what we are going to become. The Author raises the question of whether we have learned the right language that would support life and preservation of the species by all means. Moreover, to know what we need to do to succeed in the developing a necessary moral language that will sustain the precious gift of life. Author Kamran Pirnahad has emphasized on 'spirituality' within the context of evolution as the main source for the purpose of the survival, development and advancement of the species, especially the humans, based on a truthful source which is not subject to corruption and decay.
