The facade of respectability often crumbles to dust with remarkable swiftness once its protective armor has been pierced. The relatively minor investigation into the conduct of one police officer, for example, might well lead to the discovery of mass corruption within the force. A routine check into a corporation's finances may turn up tax evasion, kickbacks, bribes, and payoffs. In other cases, it is a slowly brewing longing for passion that pierces the armor of her respectable facade. Where people act out their most base desires regardless of the consequences. Where you may find yourself in a different world, a world where lust reigns supreme, where desires are laid bare and acted upon. This is the story of one young woman who throws caution to the winds and lets it all hang out. A taboo story of our times.
