## Jock Sturges: Fanny

*Fanny* is an extended portrait of a young girl's transition from child to woman. Made over a period of 23 years, the images are at once beautiful in their detail of light and identity, as well as frankly anthropological in their descriptive effect. A naturist since birth, Fanny's comfort with nudity and her natural self has allowed Sturges to draw an engaging portrait of the evolution of a human being with few social distractions. His access to the girl's and woman's character is direct and fascinating. Long known for his extended portraits of children and adolescents, this book is strong evidence of Sturges' permanent commitment to the people in his work.
