Black Fire Drusilla Mars

Naima is a young girl from New Orleans, Louisiana working in the drug underworld for an up and coming kingpin. She shares a hate/love/hate relationship with him and couldn't tell if she hated the love or loved the hate. One day she was presented with an opportunity to make more money, but she would have to also bite the hand that fed her in order to accept the offer. What Naima thought was making a little easy money spirals into a web of deceit and births new devilment when her friends Anissa and Mika enter the equation. Evils lurking in the background are focused on one task- to destroy the lives of many.
