How to bless your home, house, work place and space?

There are few places more sacred than one's home or house; it is where those you love and care most about gather: you, your family and friends. Your home is the environment where you center your energy, recharge and rejuvenate, congregate and grow. An individual's house can become a fortress of love, healing, protection and focused intent.

House Blessing: Spiritual House Cleaning and Smudging Your Home is your essential, no fluff guide to bless your home and rid it of negative or unwanted energy, replacing it with positive, loving energy.

You'll learn how to cleanse your house through concise, clickable chapters for fast reference. The author, Monica P.Vance, originally planned to write volumes about smudging ceremonies, the house blessing ritual and how it has evolved since smudging ceremonies began, but her clients begged for less historic background and more hands-on how to. She's delivered.

You'll quickly understand what you need, what to do with it and how to perform your own home blessings (this book not only cover one's house, but any space that needs to be cleansed of unwanted energy); this book is essential reading. The table of contents:
