**Handbook of Native American Literature (Garland Reference Library of the Humanities)** Andrew Wiget

The *Handbook of Native American Literature* is a unique, comprehensive, and authoritative guide to the oral and written literatures of Native Americans. It lays the perfect foundation for understanding the works of Native American writers.

Divided into three major sections, Native American Oral Literatures, The Historical Emergence of Native American Writing, and A Native American Renaissance: 1967 to the Present, it includes 22 lengthy essays, written by scholars of the Association for the Study of American Indian Literatures. The book features reports on the oral traditions of various tribes and topics such as the relation of the Bible, dreams, oratory, humor, autobiography, and federal land policies to Native American literature. Eight additional essays cover teaching Native American literature, new fiction, new theater, and other important topics, and there are bio-critical essays on more than 40 writers ranging from William Apes (who in the early 19th century denounced white society's treatment of his people) to contemporary poet Ray Young Bear.

Packed with information that was once scattered and scarce, the *Handbook of Native American Literature* -a valuable one-volume resource-is sure to appeal to everyone interested in Native American history, culture, and literature.

Previously published in cloth as *The Dictionary of Native American Literature*
