## **London Notes and Lectures** Walter C. Lanyon

In his Introduction" to this book, Walter Lanyon writes: " This collection of notes and lectures was compiled after a year's work in England, at the conclusion of a two years' cruise around the world. The gist of the book is to establish reliance; to bring to the attention of man the nature of his True Self which has been called the 'Christ consciousness'; and to cause him to see that by becoming one with this Power he is the Power in action. No more will he attempt to use this Power, once he understands that he is the Power."
