Brandon Sanderson's *The Way of Kings* has been called one of the greatest fantasies of all time--but it is massive! There are dozens of characters, plots, and settings. This study guide is a companion to the first book in the series: *The Way of Kings*. It's the perfect guide to someone who wants extra help keeping up with all the twist and characters, or who just wants a refresher while reading the rest of the books in the series. BookCap Study Guides do not contain text from the actual book, and are not meant to be purchased as alternatives to reading the book. This study guide is an unofficial companion and not endorsed by the author or publisher of the book. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.
