Rich Wolf seeking mate, curves preferred!

She had exceptional combat skills and had the life of her dreams, a job she didn't wish for but suited her needs. It had ups and downs but she loved taking the reign to tame hot blooded wolves.

It was convenient. She was in control, she had power. She was the woman of her own world, until Nate Reed came.

He stood out. He was in command. He was strong. And he bends rules and he can control her.

Together, they are strong, invincible. And she loves him and likes it, except the truth that she is forbidden to love him or even think of him as man.

Mia Clinton has to choose between the road to fulfilling her dreams and the chains that binds her to him. She either stays on the camp to train wolves or stay in his arms to give her heart a chance.
