Before he ascended to the highest office in the land as the United States' youngest president, Theodore Roosevelt, with illustrations by Frederic Remington, though a New York City man born and bred, was a devotee of the Old West. In 1888, he published this charming ode to the American frontier, from the rewarding hard work of a rancher on the open plains to the pleasures of hunting the big game of mountains high. Today, the inimitable prose and infectious enthusiasm of Roosevelt's writing here serves as much to limn a unique aspect of the character of the nation as it sings an elegy for a disappearing way of life. Includes numerous illustrations by Frederic Remington. Also available from Cosimo Classics: Roosevelt's Letters to His Children, A Book-Lover's Holidays in the Open, America and the World War, Through the Brazilian Wilderness and Papers on Natural History, The Strenuous Life: Essays and Addresses, and Historic Towns: New York Politician and soldier, naturalist and historian, American icon THEODORE ROOSEVELT, (1858–1919) was 26th President of the United States, serving from 1901 to 1909, and the first American to win a Nobel Prize, in 1906, when he was awarded the Peace Prize for mediating the Russo-Japanese War. He is the author of 35 books.
