## **Full Spectrum Dominance: Totalitarian Democracy in the New World Order** F. William Engdahl

For the faction that controls the Pentagon, the military industry and the oil industry, the Cold War never ended. It went on 'below the radar' creating a global network of bases and conflicts to advance their long-term goal of Full Spectrum Dominance, the total control of the planet: land, sea, air, space, outer space and cyberspace. Their methods included control of propaganda, use of NGOs for regime change, Color Revolutions to advance NATO east, and a vast array of psychological and economic warfare techniques, a Revolution in Military Affairs as they termed it. The events of September 11, 2001 would allow an American President to declare a war on an enemy who was everywhere and nowhere, who justified a Patriot Act that destroyed that very freedom in the name of the new worldwide War on Terror. This book gives a disturbing look at that strategy of Full Spectrum Dominance.
