The Negative Revolution: Modern Political Subject and its Fate After the Cold War (Political Theory and Contemporary Philosophy) Artemy Magun

This thought-provoking work analyzes concrete political events and reinterprets key concepts in modern political science. Building on the works of Kant, Badiou, Adorno, Hegel, and more, it posits that the dynamics of revolution can be encapsulated in the concept of negation, since a revolution essentially negates "what is" by rejecting the power in place.

The work argues that revolution is the true ground of Western democracy and that the proof of a true democracy is the activity of protest movements. It discusses how modern philosophy conceives political truth as revolutionary or eventful, and that one aspect of revolution is negativity, which fluctuates between inertia and melancholia. It examines the problem of revolution in the context of modern philosophy, providing a diagnosis of the historical developments since the fall of the Soviet Union to the Arab Spring, setting forth an original theory of revolution while shedding light on the notion of negativity in contemporary thought. This innovative work will appeal to anyone interested in political theory and political philosophy.

Steven Delorme:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library as well as to make a summary for some guide, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the professor want, like asked to go to the library. They go to at this time

there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this The Negative Revolution: Modern Political Subject and its Fate After the Cold War (Political Theory and Contemporary Philosophy) can make you feel more interested to read.
