Taken by the Lecherous Queen: A Steamy Tale about Tentacles and Vampires Leona Marisol

Everyone who vanishes into the wasteland of snow gets rescued by a woman more beautiful than any other. She is a Queen unknown to man and desires to be pleased every single day, either by men, women, or by beasts that she has captured for only a singular purpose. She is cruel, but also generous. It all depends on your gender and how good you are in bed.

A new man joins her flock at the beginning of this story. He watches her have fun with a four-armed beast, observes a tentacle creature pleasing her servants, and then he has to capture a vampire that will change everything. Maybe that will be enough to finally be allowed into the Queen's chambers.
