The New Drawing on the Right Side of the Brain Betty Edwards

When **Drawing on the Right Side of the Brain** was first published in 1979, it hit the **New York Times** bestseller list within two weeks and stayed there for more than a year. In 1989, when Dr. Betty Edwards revised the book, it went straight to the Times list again. Now Dr. Edwards celebrates the twentieth anniversary of her classic book with a second revised edition.

Over the last decade, Dr. Edwards has refined her material through teaching hundreds of workshops and seminars. Truly **The New Drawing on the Right Side of the Brain**, this edition includes:

- the very latest developments in brain research
- new material on using drawing techniques in the corporate world and in education
- instruction on self-expression through drawing
- an updated section on using color
- detailed information on using the five basic skills of drawing for problem solving

Translated into thirteen languages, **Drawing on the Right Side of the Brain** is the world's most widely used drawing-instruction guide. People from just about every walk of life—artists, students, corporate executives, architects, real estate agents, designers, engineers—have applied its revolutionary approach to problem solving. **The Los Angeles Times** said it best: **Drawing on the Right Side of the Brain** is "not only a book about drawing, it is a book about living. This brilliant approach to the teaching of drawing . . . should not be dismissed as a mere text. It emancipates."
